## Feedback (From last presentation)

### → **Void:**

- ↳ Jump and Launch: “Very nice. Very simple and easy to understand.”

### → **Bug:**

- ↳ Professor: Sample game would be nice so users can get a taste of the product before creating accounts and joining.

### → **Enhancement:**

#### ↳ *Short Term:*

- GeoUnity: Allow users to join with a code (even with no account)

#### ↳ *Long Term:*

- Jump and Launch: Let people change backgrounds on quizzes (instead of using a fixed color)
  1. Not a priority for product functionality, but a great idea going forward
